ASC Wants All Tobacco Market Cards

Farmers who produced burley, air-cured and fire-cured tobacco should not fail to return their marketing cards to the Marshall County Agricultural Stabilization and Conservation office at the close of the marketing season, Robert L. Rudolph of the county office, said today. He pointed out that return of the card is necessary for program operations and warned that failure to do so can cause reduction in 1959 acreage allotments.

The law provides, Rudolph said, that tobacco farm acreage allotments be reduced for failure to show disposition of the crops produced. The return of the marketing card is necessary for a complete record of such disposition.

Last year, some producers in this area had their 1958 allotments reduced for failure to return marketing cards and other violations. While the number of growers penalized is a small percentage of the total, the loss can be severe for farmers affected, Rudolph said.

Regulations provide that the producer must return his marketing card to the county office within 30 days after the close of the marketing in the general locality.

Mrs. Roy Boyd and Mrs. Burl Platt were shoppers in Paducah Saturday.

Mr. and Mrs. Carl Sarten of Paducah visited her parents, Mr. and Mrs. J. M. Fields, Saturday.

HOW 12TH NIGHT BEGAN

"Twelfth Night," which many towns celebrate by a community burning of Christmas trees, is derived from the custom of ear-

ly Christians who celebrated the feast of the Nativity of Christ for 12 days, placing special emphasis on the last or twelfth day. The "Twelfth Night" tree burn-

ing is also said to commemorate the night of the Star of Bethlehem.

Cannon Takes Office as Kentucky Conservation Chief

Paul Gannon, director of strip mining and reclamation for the past three years, was sworn in Monday as commissioner of the Department of Conservation.

Commissioner Laban P. Jackson has taken a leave of absence to be organization chairman for Lt. Gov. Harry Lee Waterfield's campaign for governor.

Chief Justice John R. Moremen administered the oath of office to Gannon, a native of Maryland.

Gannon, a resident of Nortonville, came to Kentucky in 1958. A bachelor, he attended Washington and Lee University.

Telephone Talk

MIKE SEIMERSHEIM
Your Telephone Manager

FOR MORE CHRISTMAS FUN—Let me suggest a simple formula for the lady of the house to have more time for family and friends this gay season. Just "let your telephone do it for you." For example, those party invitations, do you write them? Wouldn't a quick and cordial phone call do? And those time-taking trips to the florist, the bakery, the gift shop. You can telephone instead. Matter of fact, a lot of your Christmas shopping can probably be done right on the telephone. If you're in doubt about who sells what and where, remember the Yellow Pages of your phone book will help you find it fast.

CLUES TO THE IDEAL GIFT—

A Christmas gift should be...
Something that's fun
Something that's useful
Something needed
Something unusual
Something new
for someone dear
Something that's used, year after year

Guessed what it is? Why, an extension telephone in color, of course. Here's a truly different way to bring year-round joy and convenience to others. And you may choose handy extension phones from nine colors including lovely new pastels. Why not order your Christmas gift extension phones now from our Business Office? You may have them charged to your own telephone bill.

SEND YOUR VOICE where your thoughts are. Sometimes the nicest Long Distance calls are the ones made just to say "I'm thinking of you." Or maybe to wish a college boy or girl good luck in exams... to share holiday fun with friends... or to say "Hurry home!" to a traveling husband. You know, Long Distance costs so little for the satisfaction it brings. And you save money when you call station-to-station—that's when you'll talk to anybody who answers. Save even more during Bargain Hours—after 6 P.M. and all day Sundays. Why not send your voice where your thoughts are, now?

Uncle Ned... From Dogtown

Dear Mister Editor:

It took 30 cent worth of lead pencils to do it, but I finally got my income tax report ready for the mail. Incidentally, I charged off that 30 cent under the heading of tools and equipment.

I was mighty sick with a headache when I got through and I was afraid I might not be able to send in my piece for the paper this week. It's hard to say how sick I would have got if I had done it according to them directions they give you.

But I finally took me a short cut and got it about as accurate as most farmers get it. I took the number on the form, added the date of my birth and multiplied it by 10. Then I subtracted the license number of Ed Doolittle's car, divided it by the number of times the bank has threatened to sue me this year. To this I added the amount I paid the preacher, then subtracted the amount I promised to pay him.

Then I took another pad and divided my cousin's withholding tax by his telephone number, then deducted 10 per cent on account of it being a six-party line. This gave me the gross income, minus allowable deductions if Congress admits Hiwaawer into the Union. If they pass the Rivers and Harbors bill this will call for a slight upward adjustment, but I don't think this to what I had on the other pad, then deducted for my estimate of what Harry Truman

Briensburg's 5th Grade 4-H Club In Session At School

The Fifth grade had its second 4-H meeting Dec. 2 at the Briensburg School. Linda Smith, president, called the meeting to order. Linda English, secretary, called the roll and members answered with their favorite tree.

Stanley Bohannon gave a report on how to plant a tree and Linda Smith showed how to make a wreath.

Jimmy Wynn led the club in several songs and the game leader, Johnnie Ross, taught some new games. The cheerleader, Sheila Futrell, led the club in several yells.

Homer Miller, county agent, then gave out some project books on electricity and woodwork.

Leaders present were Mrs. Louis Carr, Mrs. Jay Futrell, Mrs. Floyd Culp, and Mrs. Virgil Ross.

thinks of the Gallup Poll, and divided the whole thing by the dividend I got from my fire insurance policy, and fixed out the check. My system is much easier than the one they recommend on the back of the blanks—and it's about as accurate.

It might vary a few cents one way or the other, but the Government is in a position to take as much risk as me on a few cents. If they can risk four million dollars on a shot at the moon, they ought to have a little pity and risk for a feller that, man and boy, has spent the best years of his life filling out OPA forms for kerosene, gasoline, guano, forms for the soil bank, allotment checks, and otherwise wore himself bent and gray-headed keeping books for the Government.

I imagine most of the farmers and ranchers is doing their income report about like I'm doing mine, but I'm always ready to improve on my methods and if any of you farmers is using a better system, please write me a note in care of the paper.

Yours truly,
Uncle Ned

Year 46 B. C. Was Longest In History, With 445 Full Days

The year we now refer to as 46 B.C. as the longest year in calendar history. It contained 445 days, and for a very good reason.

Numa Pompilius supposedly created the Roman calendar in the seventh century B. C. Despite the fact that it was revised several times, this calendar was some two months behind the sun by the time of Julius Caesar.

Caesar put his experts to work revising the calendar. The experts came up with a calendar but were somewhat undecided as to what should be done about the two months needed to catch up with the sun.

They solved the problem by inserting the two months between the months of November and December, thus giving the year 46 B. C. a total of 445 days.

Oven-Steamed Cranberry Pudding

Fluffy hard sauce tops these dainty Oven-Steamed Cranberry Puddings.

Candied fruit, cranberries and pecans nestle in Oven-Steamed Cranberry Pudding to give this traditional holiday dessert unbeatable flavor.

The light moist texture of the puddings can be credited to enriched self-rising flour by the miller, you're assured of just the right blend of these two ingredients every time.

Use enriched self-rising flour for all your holiday baking. You'll save time and also give your family the benefit of 3 B-vitamins, calcium, and food iron.

OVEN-STEAMED CRANBERRY PUDDING

2 cups sifted enriched self-rising flour	1 egg
1/2 teaspoon cinnamon	3/4 cup orange juice
1/2 teaspoon allspice	1/4 cup sifted enriched self-rising flour
1/4 teaspoon nutmeg	1/2 cup mixed, chopped candied fruit
1/2 cup soft shortening	1/2 cup chopped pecans
1 cup brown sugar	1 1/2 cups whole cranberry sauce

Sift together flour and spices. Cream together shortening and sugar until light and fluffy. Add egg and beat well. Blend in flour mixture alternately with orange juice, just until mixed. Coat candied fruit and nuts with the 1/4 cup flour. Stir into batter the fruit and nut mixture and cranberry sauce. Turn into well-greased 3 1/2 inch custard cups. Cover cups with foil and tie securely. Set in open pan and add boiling water halfway up sides of cups. Place pan in moderate oven (375°F.) and bake 1 hour and 30 minutes. Let stand 5 minutes. Remove foil and cool. When cool, wrap in foil and store in refrigerator. To reheat, bake in slow oven (325°F.) about 40 minutes. Makes about 8 puddings.

Mistletoe One Time Was Considered As A Symbol of Evil

Today mistletoe is recognized throughout the world as a symbol of lasting peace and from this has come the custom of giving a kiss of love or peace beneath it.

Once, however, it was considered a weapon of death. Later it was considered a magical medicine.

It was a mistletoe arrow, according to a Norse mythology, that Loki used to kill Balder, the sun god, after Balder's mother had obtained a promise from all living things, other than mistletoe, that they would not harm him.

Balder was restored to life and it was ruled by the gods that the mistletoe would never again be used to do harm.

Ancient Europeans considered the mistletoe a magical medicine. They carried it about with them for health and luck, and believed it a cure for ulcers and

epilepsy as well as a charm promoting fertility.

Mrs. R. L. Putteet was confined to her home in Benton by illness during the weekend.

Mrs. Gussie Wyatt and Mrs. Gus M. Wyatt were shoppers in Paducah Saturday.
